AlphaLab Capital Pte. Ltd.
180 Clemenceau Avenue, #06-01
Singapore 239922

Dear Hiring Manager,

I am writing to express my interest in the software engineer internship position at AlphaLab Capital. As a passionate and dedicated FinTech enthusiast, I am excited about the opportunity to join a company that is at the forefront of digital finance and innovation.

Throughout my studies in information system, I have developed a strong technical foundation in back-end development, especially in blockchain and distributed systems. I am fascinated by the challenges these areas are trying to take on, and the potentials they promise. I know this is my passion, and the career I want to pursue; and I believe AlphaLab Capital, among others, is the right place for me to start.

In addition to my technical skills, I am a fast learner and highly motivated to learn new technologies. I am also a strong team player and can effectively communicate and collaborate with others. I am excited to contribute my skills and passion to the team at AlphaLab Capital and to learn from the talented professionals there.

Thank you for considering my application. I look forward to the opportunity to further discuss my qualifications and how I can contribute to the success of AlphaLab Capital.

Sincerely,

Le Van Minh
